## CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Give Fruit Laxative when cross, bilious, feverish or constipated.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver, and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clear the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 2-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumax in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Adv.

## Gas in the Stomach Is Dangerous

A Warning Of Acid Indigestion. Prompt Use of Magnesia Stops All Sourness And Pain

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach invariably indicates that the stomach is troubled by excessive acidity.

This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which distend the stomach, hamper the normal functions of the digestive organs, cause acute headaches, interfere with the action of the heart, and charge the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and for this purpose there is nothing quite so good as a teaspoonful of pure bisphosphate of magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed, distended stomach to proceed with its work under natural conditions. Bisphosphate of magnesia is obtainable in powder or tablet form from any druggist; but as there are many different forms of magnesia, it is important that the bisphosphate which the physicians prescribe should be distinctly asked for.—Adv.
